Cutting

A close-up photograph of a CNC machine in operation. A metal cutting tool is positioned above a piece of wood. A brush with light-colored bristles is attached to the top of the wood. The machine's structure is visible in the background, including a black support column and a white dust collection system.

Logistics

A large-scale industrial assembly scene. In the foreground, two men in black shirts are working on a large, cylindrical, metallic component that is being lowered or positioned by a crane system. One man is reaching up to touch the component, while the other stands nearby. In the background, another man in a black shirt and cap is gesturing with his hands. A large, out-of-focus image of a person's face with safety glasses is visible on the right side of the frame. The overall atmosphere is one of intense industrial activity.

INTERSYSTEMS – INNOVATIVE STAND DESIGN

Data power meets design: we further developed InterSystems' DMEA trade fair presence in Berlin – with a clear, open stand concept, LED mesh highlights for long-distance impact and more space for communication. The popular CoffeeBike once again provided a pleasant conversation starter.

MORE ABOUT
THE PROJECT

RUSSELL HOBBS: EXHIBITION STAND WITH AN EXPERIENTIAL CHARACTER

The Russell Hobbs exhibition stand at IFA 2024 continued the successful basic concept of the previous year, expanded to include an immersive experience area for the CALM kettle and a demonstration kitchen. Open wooden structures, plant elements and multi-sensory staging combined modern design, sustainability and brand lifestyle to create an unforgettable trade fair appearance.

MORE ABOUT
THE PROJECT

JAGUAR LANDROVER: JUNGLE STYLING IN A TIME WINDOW

12 temporary presentations of the brand new premium cars Jaguar F-Pace and Range Rover Evoque Cabriolet in 6 major German cities: Within a very tight time frame, together with the supervising agency Voss+Fischer, we got the project ready for construction and then accompanied it in organization and logistics.

MORE ABOUT
THE PROJECT

VDMA: CIRCULAR ECONOMY – WE MAKE IT HAPPEN!

Under the motto „Circular Economy“, the VDMA presented at the K trade fair in Düsseldorf, together with its member companies, what is already possible today in the plastics industry in terms of circular economy. ISINGERMERZ was commissioned to design the forum – with ten pavilions, the 300 sqm DOME and a strong team spirit.

MORE ABOUT
THE PROJECT

STIHL: COMPREHENSIVE EVENT AND TRADE FAIR SUPPORT

Since 2025, we have been providing comprehensive support for all trade fair and event appearances for STIHL, a leading manufacturer of motorised equipment for gardening and forestry, from planning to restocking. We have already successfully implemented almost 20 events. To this end, we have set up 600 sqm of storage space in Wiesbaden exclusively for STIHL and established a permanent project team. The partnership is growing steadily and demonstrates our strength as a full-service provider.

MORE ABOUT THE PROJECT

AXA: CONSTANTLY KEEN TO EXPERIMENT

The DKM in Dortmund is a regular meeting place and source of inspiration for the finance and insurance industry. We have been supporting AXA with the design and realisation for over 10 years. A 308 square metre two-storey exhibition stand was built for the DKM, which conveyed a feeling of community and being at home.

MORE ABOUT
THE PROJECT

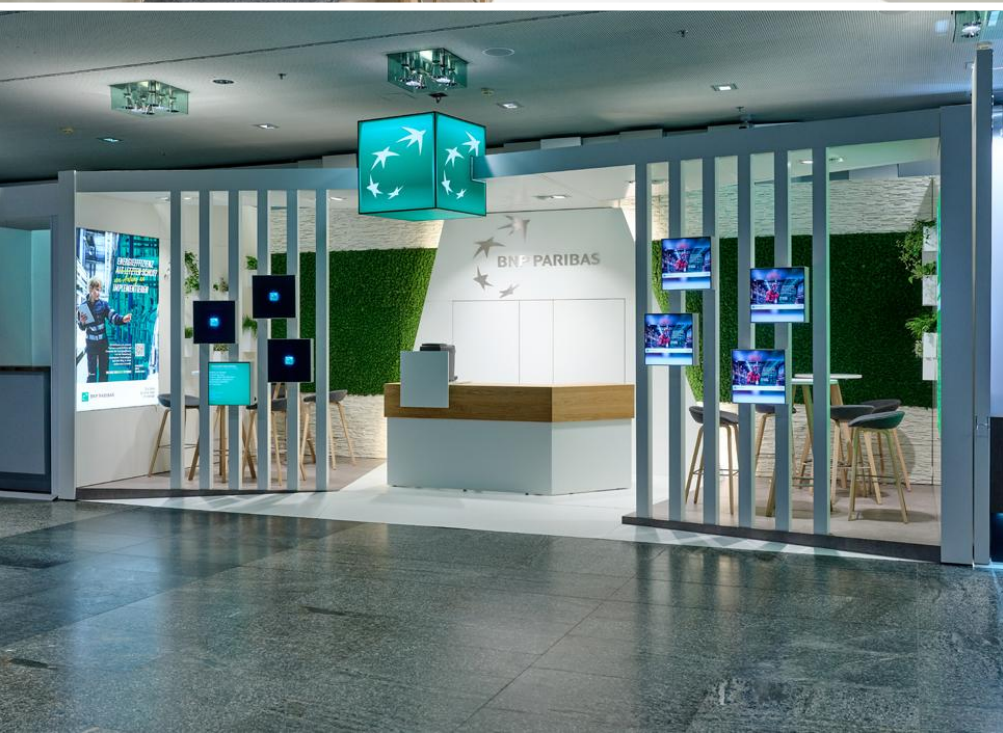

KONAKTIVA – CONGRESS BUILDING WITH SYSTEM, EXPERIENCE & HEART

From 6 to 8 May 2025, konaktiva presented around 246 companies on 2.600 sqm at the Darmstadtium. ISINGERMERZ, a long-standing exhibition stand construction partner of TU Darmstadt, was responsible for the planning, construction and logistics of 82 exhibitor stands, catering, lounges and soundproof meeting rooms. Over 15 years of collaboration ensure quality, innovation and smooth processes.

MORE ABOUT THE PROJECT 

BNP PARIBAS: 10 YEARS OF PARTNERSHIP

ISINGERMERZ has been supporting BNP Paribas' trade fair presence at the Finance Symposium in Mannheim for ten years. In 2025, the stand was redesigned, further developed and modernised. A new moss wall added fresh accents and created a pleasant atmosphere. A proven concept, precise details and high-quality materials remain the hallmarks of the presentation.

MORE ABOUT
THE PROJECT

FRÄNKISCHE ROHRWERKE: FUN AND PROFESSIONAL DISCUSSIONS UNDER ONE ROOF

At Light + Building 2024, Fränkische Rohrwerke presented a modern, interactive exhibition stand that delighted visitors. Five months of intensive planning resulted in a tailor-made concept developed in collaboration with the customer that combined brand and visitor needs. The stand promoted exchange, impressed with creative activities and became one of the highlights of the trade fair.

MORE ABOUT
THE PROJECT

“

A partner on equal footing whom we can trust and who perfectly understands and implements our standards for detail.

Agentur VOSS+FISCHER

“

Our exhibition stand was a complete success! Thank you very much for the great cooperation.

Fränkische Rohrwerke

“

The Booth was a real success. Lots of positive feedback and everything working fine so far. Thanks again for the great work done there!
